DEPENDANTS

and

JOEL PENTLARGE, and  
EDWARD GIVEN,  
PLAINTIFFS

v

DOCKET # 04-30177 NG

ROBERT MURPHY, et al.,  
DEPENDANTS

PLAINTIFF'S MEMORANDUM  
IN SUPPORT OF  
MOTION TO COMPEL DISCOVERY

FACTUAL BACKGROUND:

- i) The pro se Plaintiff is a Civilly Committed citizen of the

Commonwealth of  
Massachusetts who is imprisoned  
at the Nemasket Correctional  
Center in Bridgewater

2) That as a Civilly Committed  
citizen imprisoned at the  
Nemasket Correctional Center  
the Plaintiff is in the direct  
custody of the Defendant Robert  
Murphy who is the Superintendent  
of that prison facility.

3) That on April 23, 2008 the  
Plaintiff served Defense Counsel  
with his First Request for  
Documents.

4) That after an enlargement  
of time, the Plaintiff received  
the defendants' response to his  
First Request of Documents on  
July 19, 2008

5) That after careful review

of the defendants' response the Plaintiff drafted a letter to defense counsel offering to discuss and hopefully resolve the issues.

b) When the Library had not been opened on either July 21<sup>st</sup>, or July 22<sup>nd</sup> the Plaintiff then typed copies of the letter and mailed them on July 23, 2008

#### ARGUMENT:

It is evident by the defendants' responses that they are unwilling to cooperate with the Plaintiff on any level, which leaves the Plaintiff with only one option, and that is to involve this Honorable Court in the smallest of issues.

i) With regards to the defendant's objection with Request #1.

The defendants claim it is unclear that there are two (2) different Labor Contracts, one involving Correction Officers and one involving persons at the rank of Captain and above.

The need of this contract to show/prove that there is no differences in training to work at the Nemasket Correctional Center compared to any other Prison in the Commonwealth.

2) With regards to the defendants' objection with request #2.

The defendants claim that requesting copies of past vendor's contracts equates to seeking discovery from a third party.

This claims is Ludicrous. The contracts requested, have the defendants as a party, and therefore are accessible, within their very own files. Furthermore

these contracts are public records.

The need for the contracts dating back to the initial privatization of the treatment provider will show/prove what programs have been discontinued.

3) With regards to the objections with requests #3, 4, 9, 50, 52, and 80.

The defendants set forth their usual objections, however they state that they willing to produce such documents if they exist in a redacted form.

Once again, the documents requested are public information and that there isn't any true reason to redact any part of public information.

The need for these documents unredacted is to show/prove to what degree the

Commonwealth profits from commissions, incentives or in plain English "KICK BACKS" by allowing only certain companies to sell products or provide services to prisoners within the Commonwealth.

4) With regards to the objections with request #8.

The defendants set forth their usual objects and claim it is "unduly vague" to request a list of "procedures and medications that have been discontinued between 2001 ~~2~~ and present."

The Plaintiff cannot be any clearer.

The need for this list is to show/prove how some of the most basic medical procedures are being denied the men at the Nemansket Correctional Center.

5) With regards to the objections with request #12.

The defendants claim their usual objections and state, "not reasonably calculated to lead to the discovery of admissible evidence."

One of the Plaintiff's allegations is that there are persons employed at the Nemasket Correctional Center are not qualified.

The need for these documents is one way, if not the best way to prove these conditions exist at the Nemasket Correctional Center.

6) With regards to the objections with request #18.

The defendants claim their usual objections and state "... relating to or affecting safety or security measures..."

One of the Plaintiff's allegations relates to The Least Restrictive Alternative.

The need for this request is to show/prove the lack of logic in making this designation.

7) With regards to the objections with request #22

The Plaintiff will rephrase to read:

Please provide a copy of all documents including policies and or rules which outline the requirements to delegate which persons are scheduled for in depth consultations with a doctor, and for mandatory tests.

8) With regards to the objections with requests #23, and #26.

The defendants claim their usual objections and state

"... relating to or affecting safety or security measures..."

The Plaintiff alleges that there are not any differences in orders on the treatment of those individuals serving state prison sentences and those individuals who are "Civilly Committed".

The need for this request is to show/prove there is not any different procedures for handling state prisoners or "Civilly Committed" individuals

9) With regards to the objects with requests #24 and #25.

The defendants claim their usual objections and state, "... relating to or affecting safety or security measures..."

The Plaintiff alleges that a "Qualified Examiner" who is

an expert for the Commonwealth is given unescorted access to the Nemasket Correctional Center and are allowed to bring items deemed security risks into the facility.

The need for this request is to show/prove that there are much harsher policies for those experts if ~~are~~ they are acting as independent examiners, and to go so far as to require a strip search and visual cavity search of the so-called "Civil Committee".

10) With regards to requests #31-34, and #64

The defendants claim their usual objections and state, "... this request is unduly vague."

The Plaintiff alleges that there are numerous issues with the conditions of the structure known as the Nemasket

Correctional Center that are routinely acknowledged, reported and then ignored.

The need for these requests are to show/prove the defendants' knowledge of unhealthy/dangerous conditions and their total disregard for the safety of those who not only are housed in the Nemasket Correctional Center but for the employees who are forced to work in these conditions.

ii) With regards to request  
#37.

The defendants claim their usual objections and stipulate they will produce a redacted version of inspection reports and recommendations.

The Plaintiff alleges that there are numerous issues that make the Nemasket Correctional

Center unhealthy and dangerous.

The need for this request is to show/prove the federal agency (American Correctional Association) is aware of conditions at the Nemasket Correctional Center and the defendants ignore their recommendations.

12) With regards to requests #39-40.

The defendants claim their usual objections and state it is "... subject to the CORI statute...".

The defendants want this Honorable Court to believe there is this huge security need at the Nemasket Correctional Center.

The need for these requests is to show/prove the relatively small number of security breaches actually happen at the

Nemasket Correctional Center, and by what population causes these issues. Furthermore, what security or CORI risk is there if there ~~are~~ are not names listed, only the type infraction.

13) With regard to request  
#45

The defendants claim their usual objections then state "...will produce the lists of educational and vocational classes offered... ...time frame in which Plaintiff has been civilly committed..."

The need for all these list is to show/prove what classes are not offered that had been in the past.

14) With regards to  
request #46.

The defendants claim

their usual objections then state, "... information subject to the CORI statute..."

The Plaintiff alleges the lack of access to the Library/Law Library, education and vocations is a violation of his due process. The defendants are merely try to mislead this Honorable Court by this objection, whereas the Plaintiff has not requested any names of persons, only the log showing/proving when there was someone assigned to that post.

The need for this request is to show/prove these areas have not been opened. For example, merely stating the Law Library was open one hour and forty minutes during the week of July 21, 2008 is not enough, the Plaintiff requires these logs.

15) With regards to requests #48 and 49.

The defendants claim their usual objections and stipulate they will produce only a list offered to so-called "civilly committed" persons.

The Plaintiff alleges that the conditions at the Nemasket Correctional Center are worse than at other prisons.

The need for this request is to show/prove what is available at other level four (4) and even level five (5) prisons in the Commonwealth and what the "Civilly Committed" are being deprived of.

16) With regards to request #53.

The defendants claim their usual objections and

state, "... relating to or affecting safety or security measures..."

The need for this request will show/prove to what degree profits/kick backs are used to provide employees with perks, will the population is forced to life in unhealthy, dangerous and illegal conditions.

17) With regards to request #58.

The defendants claim their usual objections and state, "... he is not permitted to have this document..."

The defendants make this claim without any ~~supported~~ supporting policy or regulation. This is an example of the defendants expecting persons to believe them just because they tell you too.

18) With regards to request #60.

The defendants claim their usual objections and state, "... information subject to the CORI statute ... "

The Plaintiff alleges the defendants denies ~~him~~ him access to the courts, and due process.

The need for this request is to show/prove that the defendants routinely delay "Civilly Committed" persons hearing dates, while other committees are automatically reviewed by the Court every six (6) months instead of three (3) years which is the case for the Plaintiff.

19) With regards to request #63.

The defendants claim their usual objections and state,

"... relating to or affecting safety or security measures..."

The defendants' real objection is, they do not want anyone to police them, so that can continue their history of covering up actions by their employees.

20) With regards to request #76.

The defendants claim their usual objections and state, "... not reasonably calculated to lead to the discovery of admissable evidence."

The Plaintiff alleges that there is a starting and completion point of sex offender therapy for state prisoners, while there is not a completion point for "Civilly Committed" persons.

The need for this document is to show/prove that so-called "Civilly Committed persons at the Nemasket Correctional Center are being held to much harsher standards than state prisoners.

21) With regards to requests # 36, 39, 40, 41, 42, 43, 44, 46, 56 and 60.

The Defendants claim their usual/standard objections and further state: "... to the extent that it seeks production of information subject to the CORI statute, G. L. c. 6 §§ 167-178 P.

This claim of CORI isn't based in fact, but, instead is an attempt by counsel to fill up pages with for the lack of a better term is; legal mumbo-jumbo which has no bearing on the instant case.

To highlight this fact:  
§168B addresses Firearms

§ 172A addresses request Fees, § 172B addresses Adoptive or Foster Homes and this list of irrelevant cites goes on and on to include § 178D - § 178P which addresses the Sex Offender Registry and its board, none of which are in any of the Plaintiff's requests nor has the Plaintiff requested any personal information.

If the defendants were genuinely concerned about CORI issues, they would not post lists daily on the housing unit which personal medical information. see attached #1 + #2

#22) With regards to requests ~~xx~~ numbered 2; 3; 4; 9; 12; 16; 17; 18; 22; 24; 25; 26; 27; 28; 29; 30; 31; ~~32~~; 33; 34; 35; 36; 37; 38; 39; 40; 41; 42; 43; 44; 50; 51; 52; 53; 54; 56; 57; 60; 61; 63; 64; 65; 66; 67; 68; 69; 70; 71; 72; 73; 74; 75; 80; 81; & 82

The Defendants state:  
 "incarcerated sex offender..." as one of their objections.

This statement holds no value in any judicial objection. Instead it is an unscrupulous attempt by Defense Counsel to stir negative emotions by raising past bad acts.

Even with this personal attack the facts remain the same, the Plaintiff is NOT the party in this charged with wrong doings, it is the Defendants grievous acts which caused this instant case to be filed.

Knowing that this type of irrelevant statement, which is highly prejudicial is NORMAL PROCEDURE for the Defendants and their Counsel does not lessen or excuse such appalling tactics.

23) In regards to requests numbered; 13; 14; 15; 16; 17; 18; 21; 22; 24; 25; 27; 28; 29; 30; 34; 35; 36; 38; 39; 40; 41; 42; 43; 50; 55; 56; 58; 61; 63; 64; 66; 67; 68; 69; 71; 72; 73; 74; 75; 77; 78; 79; 80; 82 + 44

The Defendants claim their usual objections and state: "... materials protected by the attorney/client privilege or the work product doctrine."

These are more examples of Defense Counsel using/making statements which have no bearing on the instant case but are merely words to fill a page.

It is beyond belief that the Defendants would make a claim of privilege to such items as "building capacity", "work place sexual harassment" "providing list of Vocational training." (in other level four (4) prisons) just to mention a few.

Furthermore, to claim the Work Product Doctrine the Defendants are stating that they have prepared this material for this case. In *HICKMANN v TAYLOR* 329 US 495 (1947); *COMM v FALL RIVER MOTOR SALES* 565 NE2d 1205-1210 "In order to fit within the privilege, the materials must have

been prepared in relation to litigation, pending or prospective."

Once again the Defendants and their Counsel knowingly fill pages of documents with irrelevant statements/material. Whether their intent is to mislead the Court, or merely trying to overwhelm the pro se Plaintiff is of no importance, the fact is, the Defendants are making claims which are untrue.

I, Edward Given, do hereby declare and state the above facts to be true to the best of my personal knowledge.
